Neil and Kirsten have chosen to donate profits from Ladies' Night to the CRY for Matthew Screening programme for Shropshire and South Cheshire.

Currently in the UK over 12 young people a week die from undiagnosed heart defects. Screening reduces the risk of Young Sudden Cardiac Death by 90%.

Local screenings are funded in memory of Matthew Dewhirst - www.cry-for-matthew.org.uk a local boy who sadly passed away while playing rugby at school in 2012, aged just 17.

CRY provides screenings free of charge for young people aged 14 to 35, which are funded by donations. Cardiac Risk in the Young - CRY - is a small national charity set up to support the screening programme and also to support families and research throughout the UK. You can find out more about their work nationally at www.c-r-y.org.uk
